Education

Gordon College

Bachelor of Science in Computer Science

GPA: **1.25** (Dean's Lister for 6 semesters)

2021 - Present

Coursework: Software Development Process, Software Architecture & Design, Data structures & Algorithms, Web Development

Experience

- **Web Development Intern** *Segara Hotels Subic* *June 2022 – August 2022*
 - Developed and deployed a website to attract more customers, enabling online reservations and restaurant orders.

Projects

- **Segara Hotels Subic Website**
 - Developed a dynamic and user-friendly website for Segara Hotels Subic using React.js.
 - Optimized website performance and improved SEO, resulting in increased traffic and user engagement.
 - Collaborated with the marketing team to ensure the website aligned with the brand's aesthetic and strategic goals.
 - Designed and implemented features to enhance user experience and facilitate online bookings.
- **Gordon College – College of Computer Studies Alumni Portal**
 - A Website dedicated to connecting current CCS students to alumni of CCS
 - Led a team of college students in the full-stack development using the Ionic framework and Firebase.
 - Designed the user interface (UI) and user experience (UX) using Figma to ensure an intuitive and engaging platform.
 - Implemented real-time communication features, including a news feed, messaging, and notifications.
- **MEDQ (In-Progress)**
 - A mobile application using React Native to address the financial burden of medical bills for individuals and families.
 - Led the full-stack development and design of the application
 - Uses machine learning algorithms to personalize the feed of donors to match their interests
 - Utilizes Firebase as the backend for real-time database management, user authentication, and data storage
